Dear Lorraine Truslow,

Thank you for your letter of the 10th that arrived a few days ago but I have been unable to answer until now. Things have been quite busy, which is good, but it keeps me from answering when I want to.

You mentioned that your son, Glen, was a pilot for Alaska Air and wants to find out more about Wally's time in service and with the 506th Sq. Apparently you have been in contact with one or two of Wally's crew, and Glen wants to check with him to see if he can get more data about Wally's missions and time in the 44th.

Last night I did some searching to see if I had any current addresses for any of the men on the crews that Wally flew. Am sorry to say that I did not have much luck finding any. I found one of his pilots, Emmett J. Burns' address to be: POB 8, Fayetteville, NY 13066 and phone 315-637-9631

J.C. Wheatley Route #8, Box 264, Malvern AR 72104

Elwood A. Matter RDI Box 238, Northumberland PA. 17857-9709  
570-473-8408

I found two other addresses, but see that they have allowed their membership to drop, so probably moved.

If I can help further with your search for data, please let me know - I will help all I can.

Sincerely,

*Will L*
